

Welcome to

WINE BAR *on* THE RIVER

Opened in November 2024, Wine Bar on the River was created as a place where thoughtfully selected wines, genuine hospitality, and meaningful conversation come together.

Every bottle on our list is chosen with intention, featuring celebrated producers alongside small family-owned wineries whose wines reflect craftsmanship, heritage, and a true sense of place. Many of our selections are organically or biodynamically farmed, inviting you to discover both iconic estates and hidden gems from around the world.

To complement each pour, we offer curated charcuterie boards crafted to pair beautifully with our wines, as well as a selection of handcrafted signature cocktails for those looking to explore beyond the vine.

Wine Bar on the River is proudly part of a family of locally owned establishments that includes Rusty Rudders Tap House, The Brass Coyote, and The Whiskey. Whether you're joining us for a quiet afternoon, celebrating a special occasion, or simply enjoying a glass with friends, we hope your visit inspires discovery, great conversation, and the simple pleasure of sharing exceptional wine.

Cheers.
